Profile

Computer Science undergraduate and full-stack developer experienced in building AI-powered applications and web platforms. Active in open-source communities, technical leadership, and practical software development.

Projects

CUK Acadex *2026*
Full-Stack University ERP Platform — Team Project
- Developed role-based portals for students, faculty, and administrators.
- Integrated academic management features and a RAG-based chatbot.

Her Space *2026*
Women's Health, Safety and Support Platform
- Built a platform combining women's health insights, mental wellness, community support, and educational resources.

GaashAI *2026*
Multilingual AI Assistant
- Built an AI assistant supporting Kashmiri, Urdu, and English.
- Integrated image text recognition, translation, voice input, text-to-speech, adaptive learning, and persistent chat sessions.

CUK Secure Exam System *2026*
Secure Examination Administration Platform — Team Project
- Developed role-based portals for faculty, HODs, and administrators.
- Automated examination workflows with secure question paper handling and leak prevention.

2AI Conference Website *2026*
Official Conference Website — Team Project
- Collaborated on the official conference website, developing responsive interfaces for speakers, schedules, and conference information.

BIS AI *2026*
AI-Powered Product Verification Assistant — Team Project
- Built an AI assistant for BIS standards and product certification, integrating image analysis, information retrieval, and offline verification support.

Code Companion AI *2026*
AI-Powered Coding Assistant
- Developed an AI coding assistant for natural-language code generation, explanation, refinement, and contextual project assistance.

Work Experience

Design Team Lead and Web Developer — *Department of IT, Central University of Kashmir* *June 2026*
Developed the official 2AI Conference website and led conference branding and promotional design.

Student Intern — *National Institute of Technology (NIT) Srinagar* *Dec 2025 – Feb 2026*
Explored machine learning concepts and algorithms through practical assignments and projects.

Campus Lead — *Open Source Global Connect* *Dec 2025 – Present*
Organized campus open-source initiatives and mentored students.

Mentor — *Social Winter of Code (SWOC)* *Jan 2026 – Mar 2026*
Guided contributors on web development, pull requests, and issue resolution.

Mentor — *GirlScript Summer of Code (GSSoC)* *May 2026 – Present*
Supported contributors with project onboarding and code reviews.

Student Ambassador — *Google* *May 2026 – Present*
Promoted technology awareness and student engagement on campus.

Achievements

1st Position – SynerTech 2026 *2026*
KCET
1st Position – Open Build Challenge *2025*
FOSS NIT Srinagar
1st Position – Logo Designing Competition *2025*
Cyber Conclave — Central University of Kashmir
2nd Position – Cursor Kashmir Hackathon *2026*
V0 by Vercel Track — NIT Srinagar
4th Rank – Portfolio BuildSprint 1.0 *2026*
Girls Leading Tech – EmpowerHer 2.0

Certificates

Oracle OCI AI Foundations	Oracle
IBM AI Fundamentals	IBM
Google Cloud ML APIs	Google Cloud
Microsoft AI Concepts	Microsoft
Microsoft ML Concepts	Microsoft
Frappe Framework Workshop	FOSS NIT Srinagar and FOSS United
DSA – Modern Product Engineering	TechBairn

Technical Skills

Languages	Python, C, C++, JavaScript, TypeScript, HTML, CSS
Frameworks and Libraries	React, Node.js, Express.js, Tailwind CSS, Bootstrap, Pandas, NumPy, scikit-learn
Databases and Deployment	PostgreSQL, MySQL, Vercel, Netlify
Tools and Core Technologies	Git, VS Code, GitHub, Embedded Systems, Arduino

Education

B.Tech in Computer Science and Engineering *Central University of Kashmir*
Undergraduate Degree *2023 – 2027*
Expected graduation: July 2027

Senior Secondary Education (CBSE) *Delhi Public School Srinagar*
Medical and Mathematics Streams *2023*
